Re-certification in the 2021 Application

The State Employee Charitable Campaign (SECC) State Policy Committee (SPC) allows for a re-certification process for eligible charities applying for the 2021 campaign. While eligible federation affiliated charities will still have to submit a full application to their federation representatives, re-certification guidelines will lessen the amount of documentation that federations in turn will be required to send to the Local Employee Committee for their review.

It shall be the responsibility of each federation to certify that all member charities applying for admission under its federation are in compliance with the campaign's regulations and have submitted complete application documentation to the federation.

The SECC Local Employee Committee has the authority to request detailed information from a federation regarding a member charity as it relates to requirements for the SECC. Please carefully review the guidelines below to ensure that you are submitting the correct documentation.
